~~~ TESTIMONIALS ~~~

There's no secret to staying in business for 45 years, if you offer quality work; reasonable pricing; and good customer service! Following is a list of only a few of the thousands of customer testimonials I've received over the last 45 years. These are actual quotes from customer letters I have in my files.

Lenny

"I was given your number back in 1993 and sent you a #2345 Western Pacific A-A that needed love badly. You told me up front that it would take some time. In my case, it was sooner than later! What you sent back was a jaw dropper! These locomotives looked like they just came off the Lionel assembly line back in the 1950's. Since then, Lenny has resurrected EVERY F3 Lionel made during it's heyday. I've been a customer of L&L MTC for 24 years now and have never been disappointed. Thanks a million Lenny!!! - Wayne P., Greensburg, PA

"Just wanted to send you a quick thank you for the excellent work on the trains! They look so spectacular it's hard to believe they are the same. It's a little sad I don't have any other trains to send you, But I will always keep you in mind... It has been a pleasure doing business with you over these years Len!" - Dan K., New York, N.Y.
